Chairperson's Welcome

Chefs should be written as 'Chef's' to match our corporate name

Good afternoon

A very warm welcome to the Chefs Long Table Charity Lunch 2024. Firstly I am honoured to be stepping into the role of Chair Person for this years affair to celebrate our 21st annual event.

Chairperson

The committee and I Myself and the committee would like to acknowledge the generous support of our Corporate Partnerships with Bunbury Volkswagen Driving the South West and Jewellers Goldsmiths for their ongoing partnerships with "The Lunch". We are thank you for your support towards our community.

This year marks the 21st annual Luncheon and we're particularly proud to be celebrating the support of over 100 community projects - the initiatives of local not-for-profit organisations – all finding ways to enrich the lives of local residents in a variety of ways.

A huge thank you to everyone here today and our regular patrons, sponsors, supporters, volunteers and our past diners who have helped raise funds to keep the spirit of community-giving alive so that our local charities can continue their valuable work.

It has been a year of growth for many of our sponsors and supporters - our local chefs, wineries, producers, suppliers, sponsors and small businesses and we are indebted to everyone who has continued their generous commitment to our unique charitable landmark event.

This year we welcome you to another memorable, fantastic luncheon. Being part of this year's celebration will assist us in being able to better our community and its people. Enjoy!

Froth Craft BunBrewery

Part brewery, part restaurant, part cultural hub, part family venue, part theatre, part beer garden, part function venue, part local meeting spot, part employer. A progressive venue that takes an active part in the community and one you want to be 'a part of'. Innovative design ^{means} walking into the City of Bunbury's first brewery is like walking into an old friend's house, but that old friend just happens to brew a huge range of artisan craft beers and cook you a delectable meal in their commercial kitchen. It ^{is} will be warm, rustic and inviting and hard to walk out of.

Incorporating solar power and sustainable operations that focus on reducing environmental and carbon footprints, this conscientious development ^{is} has its heart in the right place.

Tailored Taps

This amazing boutique business has joined forces with Froth BunBrewery for their first year serving up ice cold beers on tap from their very own mobile bar. Shaun and Ben who are mates and business partners have created a business that suits your party needs; with a mobile bar available for any of your function's requests.

Pouring ice cold beers from the tap on demand. The boys love of beers has not gone un-noticed as they have expanded their business to cater for weddings, corporate functions and many birthdays throughout the South West and also throughout Perth and ^{surrounding suburbs} surroundings.

While their catch phrase "*leave the drinks to us*" rings true, sit back and let the boys cater to your drinking needs at their first luncheon!

Harvey River Estate

Harvey River Estate is located on the banks of the Harvey River in the Geographe Wine Region of Western Australia. We make a popular range of affordable wines representing the best of regional styles, produced from their local vineyards.

They

Willow Bridge Estate

In the heart of Ferguson Valley, is a pristine piece of land that rises from the coast to form rolling hills, unique to this corner of the world. It's here the Dewar family dreamed up the idea to grow grapes, establishing Ferguson Valley as one of the most important sub-regions of the Geographe Wine Region.

Green Door

Located high on the slopes of the Darling Scarp, the cellar door and vineyard offers panoramic vistas of the coastal strip from Myalup to Dunsborough. Ashley & Kath Keeffe purchased the run-down vineyard in 2006 and set about restoring and replanting, with the Grenache and Tempranillo finding near perfect conditions.

Saint Aidan Wines

St Aidan Wines is a boutique family owned and operated Vineyard, Cellar Door Restaurant and Events Centre established in 1991 by Phil and Mary Smith. Situated in the picturesque Ferguson Valley right in the heart of the Geographe Wine Region, it is an ideal destination for corporate functions, weddings and other special occasions.

Smallwater Estate

Smallwater Estate is located on the eastern side of the Geographe Wine Region and just a few kilometres south of Donnybrook, the apple capital of Western Australia. Smallwater Estate was planted in 1993 by John Small and his late wife Robyn with the intention of developing a marron farm and a vineyard to grow contract grapes.

Talisman

Initially established as a contract grower, from 1999 the vineyards produced fruit for a number of award-winning wineries in Western Australia. In 2009, the family made the decision to establish their own footprint, and start the Talisman label. These days Kim can still be found roaming the vines alongside his daughter Anita Robinson, the winery's vigneron and the second generation of Talisman.

Capel Vale

Capel Vale was the first winery in Western Australia to own and establish vineyards in the cool climate regions of Margaret River, Mount Barker and Geographe. As a result, Capel Vale now produces wines of definitive regional flavour and varietal expression with a focus on balance, complexity and elegant fruit flavours. Capel Vale is a pioneer in WA with vines planted in 1974.

Coughlan Estate

Preeti and Brad Coughlan are the people behind the place, and the wine. They spent their weekends exploring wineries in the South West and Geographe area. One weekend, accompanied by their first of many puppies, they ended up at Barton Jones Wines. They loved the view, enjoyed the wine, and that first visit sealed their fate. Eight years later they purchased the vineyard and Cellar Door and started their own wine venture.

Spanning an illustrious career of over 40 years, Don has tirelessly and selflessly contributed towards shining the light on WA produce in style, and of course, his enduring commitment to the hospitality industry, and naturally, his love of eating and cooking.

At the age of just 23 Don opened his first restaurant, The Colonial in Augusta, which subsequently won a Gold Plate award for Best Country Restaurant. Two years later, he was approached by Leeuwin Estate Winery to establish its first, and now award-winning restaurant which, under Don's leadership, won **another** Gold Plate award.

From day one Don has taken a fearless approach when it comes to charity work both locally and abroad. Whether it be here in Western Australia helping apprentice chefs get their start in the industry or helping to improve the health and education of people living in Cambodia, his generosity is timeless.

Today, and with several award-winning restaurants under his belt, Don now consults (Don Hancey Consulting) to some of WA's most iconic food companies, assisting with marketing, product placement and development, whilst acting as the "story-teller" between WA food producers, chefs and the general public – often in kind and in his own time.

In 2013 he was presented with the Governor's Award for Charity and Philanthropy by the then WA Governor, Malcolm McCusker. Appointed WAFIC Ambassador in 2016 for his dedication to WA Fisheries, he has been a tremendous asset to the industry.

Regularly travelling the globe to promote and champion WA's wonderful seafood industry, Don is committed to using wholly West Australian content in his menus.

Through his 40+years cheffing and running his business – Don Hancey Consulting – Don has worked with various media platforms, both locally and internationally, to promote Australian seafood and related produce. He is often asked to emcee and cook on popular network programs, including, a 2018 Channel 7 Christmas shoot and a "Seafood for Christmas" segment on Today Tonight.

In the last few years Don has orchestrated at least six seafood shoots for the Community Newspaper Group (WA) and is a regular presenter on local radio stations **6PR**.

Don Hancey is an invaluable piece in the Western Australian Hospitality Industry. His commitment to promoting local, food, **wine** and chefs is second to none and wouldn't be where it is today without this man at the helm.

From all of us here today Don and around WA, **Thankyou!**
